

CHILD SAFETY IS SERIOUS BUSINESS

When it comes to our children, there is no question that safety is our number one priority. Let us help you choose the safest window treatment for your family with child-safe lifting systems from Lafayette Interior Fashions.

Best for Kids™ makes it easy for parents and caregivers to identify products that are best suited for the home.

Trust your family with the Lafayette family.

MOTORIZATION

Motorized window treatments provide convenience and elegance at the touch of a button while integrating seamlessly with other home automation systems.

Choose battery or hardwired systems and problems such as glare control, privacy, protecting valuable furnishings, and adjusting those hard-to-reach window coverings are now solved.

So relax, save energy, and simply enjoy the view.

A FAMILY TRADITION

In 1950, our company started as a small venetian blind operation by Joe Morgan, Sr. He set the mission that we carry out today via his children and grandchildren (pictured above). Although we have grown significantly across 40 states and over 500 employees, Lafayette Interior Fashions remains one of the few premiere family owned and operated window coverings manufacturers in the United States.

Our mission is to create an enduring partnership with our customers by being their most responsive, effective, and efficient supplier of interior fashions.

We feel this mutual sharing and caring of the Lafayette family allows us to do that better than any other company in our industry.

CUSTOM CRAFTED

Quality is extremely important to us. We begin by inspecting new raw materials for quality assurance before placing them on our shelves. Our custom products are then designed and crafted in our 250,000 square foot manufacturing facility in West Lafayette, IN.

With every step, there is an enormous amount of pride in the work we do here. From sales and customer service to production and shipping, every part of our team works together. This is how we produce and deliver high quality products to our customers every day.
